## ***Check Recovery Services***

**They pay you to collect your bounced checks!**

### **HERE IS HOW IT WORKS:**

1. Simply forward the returned check to them in the envelope provided.
2. They scan the check into their system to make it an electronic item called an ACII
3. They will then redeposit the check electronically for payment.
4. Because it is done electronically, there is no need for phone calls or trips to the bank.
5. They will collect a NSF (Non Sufficient Funds) check fee from the person who wrote the bad check.
6. **When collected they will forward 100% of the check amount to you plus \$5.00 for each collected check to cover bank fees.**
